do i have any
worth the waiting?
what do you think
without thinking
altogether
too much?

i am touched,
i know. so?

anything of substance?
anything of truth?

what is that?

NO! you need sidewalks
and whores
and the things
of the earth that are nice.

you need form for form
is the only thing forming
what otherwise might go
unfelt.

yes.
i have nothing
but a typewriter
and a soul.
